

Why partner with Eagle? Here are a few good reasons:

- You **always have cash flow** to meet payroll, buy fuel, or buy new equipment.
- True Non-Recourse Funding. If we approved one of your customers, you deliver what you promised, and they don't pay you, **we cover your loss**.
- **No nickel-and-diming**. No start-up fees, no monthly maintenance fees, no minimum or maximum credit limits.
- **Personal, one-on-one attention—No voicemail systems**. We don't hide behind a computer. You'll know your personal account representative and the rest of the Eagle family on a first name basis.
- You never have to chase down your money from customers. **Eagle does the legwork** for you and handles all your collections.
- Online **reports updated daily**. Keep tabs on your customers and invoices. We also mail you hard-copy reports weekly and will fax them any time upon request.
- **You maintain a clean financial statement and never have to worry about writing off bad debt**.
- **No fine print. Ever**. We don't believe in impossible standards in tiny print. Eagle gives it to you straight.
- As your financial partner, Eagle handles your back office paperwork.
- **It's your money**—and we make sure you get cash on your invoices, often on the same day we receive them.
- Eagle doesn't lock you in to time constraints in our contract. If you ever decide to leave Eagle (and we don't think you'll want to), there's no penalty.

Eagle is different. We're here. So you can be out there.
